

## Current Stormwater Fees

Effective July 1, 2014 non-single family stormwater utility fee is \$4.00 per month per equivalent residential unit (ERU) of impervious surface. One ERU equals 2,442 square feet of impervious surface.

### Non-single family Stormwater rates apply to:

- Duplexes, triplexes, apartments or other multi-family homes
- Businesses or commercial enterprises
- Public buildings
- Industrial
- Non-profit

Effective September 1, 2014 a tiered fee system will apply for single family residential properties in which each property owner will be billed based on the impervious surface of their property.

### Single Family Stormwater rates:

Tier	Impervious Surface (sf)	Monthly Fee	Annual Fee
I	225 – 2000	\$2.50	\$30.00
II	2001 – 4000	\$4.00	\$48.00
III	>4001	\$5.50	\$66.00
